Discover the power of natural magic and healing through herbs, flowers, and essential oils in this new guide to green witchcraft. At her core, the green witch is a naturalist, an herbalist, a wise woman, and a healer. She embraces the power of nature; she draws energy from the Earth and the Universe; she relies on natural objects like stones and gems to commune with the land she lives off of; she uses plants, flowers, oils, and herbs for healing; she calls on nature for guidance; and she respects every living being no matter how small. In *The Green Witch*, you will learn the way of the green witch, from how to use herbs, plants, and flowers to make potions and oils for everyday healing as well as how crystals, gems, stones, and even twigs can help you find balance within. You ll discover how to find harmony in Earth s great elements and connect your soul to every living creature. This guide also contains directions for herbal blends and potions, ritual suggestions, recipes for sacred foods, and information on how to listen to and commune with nature. Embrace the world of the green witch and discover what the power of nature has in store for you.
