North Atlantic Books,U.S., United States, 2015. Paperback. Condition: New. Language: English . Brand New Book. In Original Thinking, Glenn Aparicio Parry delves into the evolution of Western thought to recover the living roots of wisdom that can correct the imbalances in our modern worldview. Inspired by groundbreaking dialogues that the author organized between Native American elders and leading-edge Western scientists to explore the underlying principles of the cosmos, this book offers a radical revisioning of how we think. Asking questions such as, Is it possible to come up with an original thought?, What does it mean to be human?, and How has our thinking created our world today?, Parry challenges us to consider many of our most basic assumptions. To think originally--as in thinking new thoughts that have never been thought or said before--is according to Parry, largely an illusion. So, too, is the idea of linear human progress. Most of us have traveled far from our ancestral lands, and in so doing, lost connection with place, the origin of our consciousness. Original Thinking offers a radical revisioning of how we think and what it means to be human. It invites us to reintegrate our hearts with our heads and to expand our self-imposed narrowing of consciousness. In doing so we reconnect with the living, original source--nature and her interconnected elements and cycles--and embrace the communion of old and new, rational and intuitive, and masculine and feminine. Ultimately, Parry shows us how to create the tapestry of truly original thinking and to restore thought as a blessing, as a whole and complete transmission from Spirit. ContentsPART ONE (ORIGIN): Is it possible to come up with an original thought?Chapter 1. Original Thought, Time, and the Unfolding of ConsciousnessChapter 2. Looking Backward to Go ForwardChapter 3. Wheels Within Wheels Chapter 4. It..
