Reviews

It is really an incredible publication which i actually have possibly read through. It really is written in easy phrases and not confusing. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Brand New Book ***** Print on Demand *****. ..Je sais que j aborde un terrain delicat, que je touche a une question obscurcie par une de ces erreurs que je signalais tout a l heure, par des preventions que je voudrais combattre. A la suite de lutttes politiques et sous l empire de sentiments dignes de la plus serieuse sympathie, mais qui les ont egares, d excellents esprits ont admis l existence d un antagonisme radical entre les races aryennes et finnoises. L Iran et le Touran, disent-ils, ont constamment ete en lutte; ils ne sauraient habiter en paix le meme sol, encore moins s unir et se fondre. L anthropologie, cette science qui, nee d hier, a grandi si rapidement, ne confirme en rien ces doctrines absolues. Bien au contraire, elle nous montre la plupart des populations europeennes, toutes peut-etre, comme ayant recu a des degres divers une part de sang allophyle, souvent de veritable sang finnois. Il n est pas difficile de reconnaitre la presence de cet element ethnologique en France et jusque dans la capitale. Le fait est bien plus evident encore sur certains points de notre territoire, dans la Basse-Bretagne meridionale par exemple, ou j ai pu le constater par moi-meme.
