# A SIMULATION APPROACH TO PROJECT PLANNING

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | in a Multi-project Concurrent Engineering Environment | Concurrent Engineering (CE) has gained immense popularity around the world as a means of accelerating product development, reducing cost and increasing quality. CE achieves this by overlapping tasks and executing them in parallel. Different and independent surveys conclude that significant benefits can be achieved as a result of implementing CE. However, CE radically effects the way projects are managed due to the complexities and uncertainty...
