

Learning Android Application Programming: A Hands-on Guide to Building Android Applications

By James Talbot, Justin McLean, Jorge E. Hernandez

Pearson Education (US), United States, 2014. Paperback. Book Condition: New. 226 x 178 mm. Language: English . Brand New Book. Learning Android(TM) Application Programming will help you master modern Android programming by building a fully functional app from the ground up. Working with the Android 4.3 toolset, you ll solve real-world problems faced by every Android developer and learn best practices for success with any mobile development project. Ideal for developers who have little or no Android experience but have basic Java experience, this tutorial teaches through carefully structured exercises that address the entire development process. Leading Android developers James Talbot and Justin McLean guide you through building a real biking mobile app that can handle everything from mileage tracking to route planning. Each chapter builds your knowledge, step-by-step, and in the end you will have a complete, working app. Along the way, you ll gain hands-on experience with writing code that can run on the widest spectrum of devices while still leveraging Android s newest features. You ll also discover proven solutions for the occasionally messy realities of Android development, from inaccurate sensor data to inadequate device battery life-pitfalls that most other Android books ignore. Learn how to *...

Reviews

These kinds of publication is the greatest pdf available. Better then never, though i am quite late in start reading this one. Once you begin to read the book, it is extremely difficult to leave it before concluding.

-- Lorena Streich

It becomes an awesome pdf that I have actually read through. It really is full of knowledge and wisdom You may like how the writer compose this book.
