It literally doesn't get any better than money. Well, food, fun and love are pretty great, but money though. I love getting it and I hate spending it. I also love woodworking, but that comes at a price, a price that costs money. If I could craft with the best woods and the coolest tools for free I wouldn't have time to write this book, I would never leave my woodshop. That isn't reality though, or is it? Have you ever wanted to make money from your hobbies? Or would you like to make money from pretty much everything you do in life? I felt the same way, so I started doing it! I make money off pretty much everything I do, well except drink, I'm still working on that one. Maybe I'll buy a liquor store one day. Ok back to hobbies. I want to show you how to sell what you do for fun, and make money from most of your every day tasks. What is the point of stopping there? Once you are on the money making road, let's take it to the next level! Start a business! We will get your hobby off the ground, making money, and then I will show you what to do next with it. Are you ready to turn your skills into a money making machine? Great! Let's get started.
