Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: Slovak . Brand New Book ***** Print on Demand *****.Research Methods in Social Sciences is a step by step guide for beginners of research, and advanced learners of research in Social Sciences and Pure Sciences . It has been written specifically for those with no previous experience of research or research methodology. The book guides you through your project from beginning to end by offering practical advice on: -formulating a research question -ethical considerations -carrying out a literature review -choosing a research design -selecting a sample -collecting and analysing qualitative and quantitative data -writing a research report detailed thesis The book is essential reading for undergraduate and postgraduate students in the social sciences embarking on quantitative or qualitative research projects.This book is equally beneficial for the students of advanced research methods pursuing their PhD degrees in different subjects of social Sciences, business, education, public health, related disciplines and even Science subjects. This text shows novice researchers how to design, collect, and analyze qualitative data and then present their results to the scientific community. The book stresses the importance of ethics in research and taking the time to properly design and think through any research endeavor. Upon completing this book, readers should be able to: -Effectively design, collect, organize, and analyze data and then to present results to the scientific community -Use the Internet as both a resource and a means for accessing qualitative data -Explore current issues in the world of researchers, which include a serious concern about ethical behavior and protocols in research and a more reflexive and sensitive role for the researcher -Recognize the importance of ethical concerns before they actually begin the research collection, organization, and analytic process -Understand basic elements associated with researcher reflexivity and research voice...
