

## The Damned: Halloween Edition

By Algernon Blackwood

Createspace, United States, 2015. Paperback. Book Condition: New. 216 x 140 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This is one of those books that gets hurt by modern horror writing. The atmosphere is creepy and there is a constant sense of dread throughout. You constantly expect something horrible to happen, and it never really does. A lot of reviewers on this site have used that as a criticism. They say nothing really happens, which was exactly the point of the book, even going so far as being explicitly stated. The characters do not trust that their feelings are genuine. They want to leave, but they feel foolish being driven out by their own shadows, so to speak. They want something to happen. They crave it, if only so they know that their terror is legitimate. Modern haunted house stories, which so often would have someone killed by some monster or another within ten pages, could learn something from this novella. Blackwood creates tension, and keeps it there, which little more than atmosphere for 66 pages. How many writers could do the same? Not many.
