This straightforward guide provides the essential information for parents and advocates to understand US law and get the right educational entitlements for a child with dyslexia. Using case studies and examples, this book demonstrates clearly how to apply the Individuals with Disabilities Education Act (IDEA) to the unique requirements of a dyslexic child. It offers simple, intelligible help for parents on how to coordinate successfully with their child's school and achieve the right services and support for their dyslexic child; up to and beyond getting an effective Individual Education Plan (IEP). I continue to seek her advice and often refer parents from...
