

Advances in Tracer Methodology. Vol.1

Filesize: 8 MB

Reviews

Complete guide! Its such a excellent read through. It is full of wisdom and knowledge I am very happy to inform you that here is the very best pdf i have got study inside my very own daily life and might be he very best pdf for possibly.
(Mr. Ronaldo Kulas)

ADVANCES IN TRACER METHODOLOGY. VOL.1

To download **Advances in Tracer Methodology. Vol.1** eBook, please refer to the web link under and save the ebook or have accessibility to other information that are relevant to ADVANCES IN TRACER METHODOLOGY. VOL.1 ebook.

Book Condition: New. Publisher/Verlag: Springer, Berlin | The five Symposia on Advances in Tracer Methodology were held annually from 1957 to 1961. The symposia were directed to scientists who are active in utilizing tracer techniques to help solve their scientific problems. The format, an informal one-day meeting consisting of about ten papers and closing with a cocktail hour, fostered an active exchange of information among speakers and audience. Although the first two symposia were restricted to the use of tritium as a tracer isotope, the larger purpose of the meetings was to disseminate information relating to the entire isotopic tracer field. The sponsoring organizations, all actively engaged in selling products in the nuclear field, attempted to provide a noncommercialized forum which would facilitate this exchange of information. The collection of papers presented herein represents most of the talks presented at the first symposia plus several appropriate papers which have appeared either in Atomlight, the bulletin of the New England Nuclear Corp., or which have been submitted directly for inclusion in this collection. Although each of the authors was given the opportunity to revise his paper, it is likely that some of the techniques or instrumentation described may already have been outmoded by recent improvements. | Opening Remarks by Chairman (1957 Symposium).- The Tritium Gas Exposure Method.- The Gas Exposure Technique for Tritium Labeling.- Experiences with Tritiated Compounds Prepared by Exposure to Tritium Gas.- Reaction of Unsaturated Organic Compounds with Tritium Gas.- Tritium Gas Exposure Labeling.- Some Experiences with Labeling Sugars by Tritium Gas Exposure.- Some Experiences with Labeling Nucleotides.- Correlation of Efficiency of Labeling with Chemical Constitution.- The Radiation-Induced Addition of Tritium to Unsaturated Systems.- Tritium Labeling by Other Methods.- Tritium Labeling by Other Methods.- Tritium Recoil Labeling of Linseed Oil.- Preparation of Tritium-Labeled Paromomycin (Humatin) by Fermentation...
