Wooden Books. Paperback. Book Condition: new. BRAND NEW, Islamic Design: A Genius for Geometry, Daud Sutton, An exploration of the construction and meaning of Islamic geometric patterns. Throughout their long history the craft traditions of the Islamic world evolved a multitude of styles applied to a great variety of media but always with unifying factors that make them instantly recognizable. Harmony is central. There are two key aspects to the visual structure of Islamic design--calligraphy using Arabic script (one of the world's great calligraphic traditions) and abstract ornamentation using a varied but remarkably integrated visual language. Focusing on Islamic geometric patterns, simple and complex, man-made and in nature, this book offers unique insight into Islamic culture.
