Reviews

This pdf will not be simple to start on reading through but extremely enjoyable to see. I have read and i also am sure that i will planning to read through again once more in the foreseeable future. You wont really feel monotony at whenever you want of the time (that's what catalogues are for relating to if you request me).

Taylor Francis Ltd, United Kingdom, 2015. Paperback. Condition: New. Language: English . Brand New Book. Coaching adventure sports is part of the core work of many adventure educators but has been largely neglected in the adventure studies literature. This is the first book to link contemporary sports coaching science with adventure sports practice. It examines the unique set of challenges faced by adventure sports coaches, such as the dynamic natural environment and the requirement to train athletes to levels of high performance outside of traditional structures of competition, and explores both key theory and best practice. The book covers key topics such as: * Skill acquisition and skill development * Models of learning and teaching * Performance analysis * Tactics and decision-making * Training principles * Mental skills techniques * Goal setting and progression * Risk management Each chapter contains applied examples from a range of adventure sports, including mountaineering, rock climbing, canoeing, kayaking, surfing, and winter sport, as well as practical coaching techniques and a guide to further reading. Written by a team of authors with wide experience of coaching, teaching, researching and high performance participation in adventure sports, this book is invaluable reading for any student or practitioner with an interest in adventure, outdoor education, sports coaching or lifestyle sport.
