Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Spanish Sentences Vol.5: English Spanish THIS EDITION: Volume 5 of Spanish Sentences contains a series of articles and accompanying sentences. The sentences provide insight into grammatical structure and sentence building strategies. The idea is to study these sentences and then read the articles. The source of the articles is the official Spanish-language blog of the United States government: gobiernoUSA.gov . Please note, the articles are not exactly as they appear on the official gobiernoUSA website. They have in some cases been shortened, simplified, or generalised. The Spanish articles have been translated into English for this dual-language project. The dual-language text in the articles has been arranged into sentences and short paragraphs for quick and easy cross-referencing. The book can be read in parallel text format (side by side), but can also be read only in English, or only in Spanish. A methodology for getting the most out of this bilingual format is explained in the book s Foreword. This edition can be used on its own. However, the content is ideal for reinforcing grammar, and as a precursor to more advanced bilingual editions. Topics in this text include: technology, travel, environment, family babies, family children, family (general), health (general), mental health, and finance. (A Dual-Language Book Project) 2Language Books.
