This book may be worth purchasing. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

We may congratulate ourselves, accordingly, that we as a society are no longer minors, - that we have now attained our majority. Our youth has been vigorous and fruitful. That we should praise the men who have made it so, is not fitting; for most of them, happily, are still living. Their activity and devotion to the interests of the Association are witnessed by a stately row of published volumes of Transactions, - the twentieth of which, along with an index of contributors and an index of subjects covering the whole series, was issued last March. The prospects for our continued fruitfulness and vigor were never brighter. We should be, and I believe that we are, conscious of our manhood and power, of the importance and dignity of our calling. The duty which the scholar as a citizen owes to the state is one of the most frequent themes of the day; but the duties which we owe to society and the body politic as philologists and public teachers may also well engage for a moment our reflection at this beginning of our new year. We stand here as the representatives of one of those useless things which it is the true province of a university to teach.
