

Assessments in Social Work with Adults (Paperback)

Filesize: 1.46 MB

Reviews

Good e-book and useful one. It typically does not expense an excessive amount of. I am just delighted to tell you that this is basically the finest book we have read during my very own existence and could be he best ebook for actually.

(Audra Hodkiewicz)

ASSESSMENTS IN SOCIAL WORK WITH ADULTS (PAPERBACK)

OPEN UNIVERSITY PRESS, United Kingdom, 2012. Paperback. Condition: New. New ed.. Language: English . Brand New Book. This is an excellent addition to the pocket book series; offering sound practical approaches to everyday assessments and real-life examples on how to deal with problematic situations when working in Adult Social Care . I thoroughly recommend this book both as a key text for students and reference guide for practitioners. Liz Armitage, Newly Qualified Social Worker Assessments in Social Work is an engaging and informative read, addressing key legal and practice issues in adult social care in a succinct manner . It provides you with the tools to work creatively and collaboratively with service users, even within the increasing bureaucracy of modern social work. I would highly recommend it, and feel that it offers both the newly qualified, and more experienced practitioner, with the knowledge and skills needed to function with confidence and effectiveness in their social work role. Emma Cooper, Social Worker This accessible survival guide shows social workers how to make their assessments the best, most effective and person-centred they can be. Part of a new Social Work Pocketbooks series, the book is friendly, non-patronising and realistic about the day-to-day difficulties and challenges associated with assessing adults. It encourages you to reflect on how you work, and what you bring to the task. The book contains: Practical examples, advice and tips, including dealing with pitfalls Good practice and point of law reminders Fresh ideas on how to develop your assessment skills with adults Advice on working constructively with others in the field Helpful checklists at end of each chapter Written by an author with extensive experience in social work, the book focuses on the person to person relationship in assessment and considers important areas such as: Being well prepared Asking...
