Createspace Independent Publishing Platform, United States, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Hi, nice to meet you. You think you re going to get the usual crap in the description field telling you that this book is going to sort your life out. Forget that shit. I m talking to you right now. Yeah you might think you are talking to some faceless book but I am talking to you. The reason I know I am talking to you is because I AM you. Now fucking look inside this book and start at the first page. What? You don t like being told what to do by a book? Shut up and get used to it. See you on the first page. Page 1 So you made it. Well done dickhead. You re interested enough in yourself to have a conversation with an inanimate object such as a book. Pat yourself on the back dickhead. So why do I call you a dickhead? Simple answer is because I can, and always have. You can substitute the word dickhead with douchebag, idiot, moron, prick, fuck head. you get the drift. I ve probably called you all of them in the past, but let s stick with dickhead. I like dickhead. Remember that bit where I said I was you? You thought what a joker when I said that, didn t you? Some people may have put the book down but some of you have kept reading. And if you did, realise that this book may be you. Now hear me out and listen up. I am your inner voice, your subconscious. It is your subconscious talking right back to you right now. You get me? You in? We on the same page?...
