Two human couples strive for normalcy, but little do they know, their lives are not their own-well, not entirely. An assigned Cementaurian Life Guide has assumed the role of puppeteer and is manipulating the humans most every move. Miurtiese has a motive in mentally forcing her actions upon the four individuals. She is leading a quest to ensure numerous planets do not fall into evil hands. To achieve victory, she has placed Lander Kahn, Dray Demong, Cally O Brien, and Avria Rausch on a predetermined path heading straight into the quest s future phases. They have a life and death destiny to fulfill, and it is Miurtiese who will guide them through the trials they face. As in life, physical and emotional hazards trap the humans on a frequent basis. Because of these pitfalls, relationships will suffer. Friendships will undergo dangerous tests. Love will sprout anew, only to have it torn away by the one person most trusted. Since evil influences of the two-legged kind and otherwise surround the four, Miurtiese must intervene when expected, and remain silent when necessary. On a constant basis, she must deal with the illogical idiosyncrasy of a human s free will, but it is only a challenge for her, not a deterrent. Miurtiese must lead Lander, Dray, Cally, and Avria successfully.an entire solar system is depending on her, and on them.
