### **Reviews**

*A whole new eBook with a brand new point of view. It is definitely simplistic but shocks in the 50 percent of the publication. I am just pleased to explain how this is the greatest ebook i have read during my very own daily life and could be he best ebook for possibly.*

At 17, the former junior chess champion has become the Town s Laziest Register Monkey at the Town s Only Video Store . Having graduated high school, Stan decides to forgo college to live in his parent s garage and write a movie. Despite his 165 IQ, all his movie ideas are horrible, not that he even comes close to finishing one. His only transport is his beat-up 10-speed bike that keeps getting vandalized. With no future and no car, a girl is obviously out of the question and if that weren t pathetic enough, he has to deal with a nutty family featuring his health-store-owning, organic-food-loving, vegan-freak mother and his inventor father who is obsessed with his eccentric creations. Even his dog has a farting problem. And to top it al, there s a bonehead jock threatening to kill him, for no apparent reason. Everyone thought Stan was going to Be Something and Go Somewhere but when this boy genius can t even get out of Happy Video, it looks like he s going nowhere, faster. When a crisis strikes, Stan must decide what kind of man he wants to be, and soon finds himself going somewhere after all.
