CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 86 pages. Dimensions: 9.0in. x 6.0in. x 0.2in. Make no mistake about it, you're not exercising to give your body all the work it can stand. Anything beyond the minimum amount required to stimulate the best result is counterproductive which makes it hard for you to progress and to stick with it consistently. What's worse, if you're doing any decent amount of cardio, you're probably wasting your time, reducing your lean muscle tissue, and hindering results. You'll never reap the full benefits if you continue to give your body all the activity it can handle. What you need is a reasoned, scientific, and logical approach to maximize your results. Don't keep making the same mistakes over and over again. Read this book and try it out! It will literally inject new life into your training routine with noticeable improvements almost instantly. All while saving you time. You'll be able to cut your workout time by 23 and get better results. That's what the metabolic resistance training approach is all about. It's a comprehensive philosophy that will give you the road map to designing the correct workout for you. -Learn appropriate set and rep schemes. -Learn how often you should workout ideally. -Learn how much rest you need between workouts. -Learn about metabolic resistance training. -Learn why most traditional approaches can actually hinder your results. -Learn the old school, but little known secrets to getting to where you want to be in your strength and body shape. Learn what exercise is and is not. We'll show you what principles must be employed for your body to adapt positively. And we'll show you what the difference between intensity and weight. What if there was a way that you could...
